

Badlands District Fire School
Burke Fire Department
September 19, 2021

1. School Bus Extrication: *All day class, Class limit 20*

This class will provide technical information for proper school bus extrication methods and practices pertaining to cribbing/stabilization, proper tool selection, and proper cutting procedures. There will be a morning classroom session with hands-on skills training in the afternoon.

Required: Proper PPE to protect head, eyes, hearing, hands, body and feet. (No soft toed shoes or boots)

Instructor: Justin Adams and Zack Dalrymple, Mitchell Fire Department

2. Pump Operations: *All day class, Class limit 18*

This is an operations class for all levels from beginner to advanced. During the classroom portion of the class, students will learn why handlines and hose lays are pumped at designed pressures. They will learn how to react to emergency situations that happen on a fire ground, such as kinked or ruptured line. They will also learn how to figure friction loss. Students will be taught how to operate both electronic pressure governors and pressure relief valve type control systems. Students will then conduct hands-on training on a fire engine to see how to recognize situations that are happening on the hose lines. There will also be discussions on relay pumping, static and pressurized water supplies.

Instructor: Chris Noeldner, Watertown Fire Department

3. Commanding the Box: *Morning Class, No Limit*

Commanding the Box is an entry-level command class that focuses on the initial Company officer, his roles/responsibilities and provides him the tools to successfully bridge the gap between- the person that does the work to the person that has to manage the work. These skills and techniques can be used for the simplest medical call to the very complex incident including Hazmat, acts of terrorism, mass casualty event. It will allow you to expand and contract your organizational chart to fit the needs of the incident. Do you get nervous when you ride "right front seat"? If you do, this class can help, and with practice, you will soon become more confident in commanding incidents.

Instructors: Nick Carlson, Rapid City Fire Department and Jason White, North Haines Fire Department

4. Cancer Awareness for Firefighters: *Afternoon Class, No Limit*

Class will discuss the topic of cancer and firefighters. What can we do to help prevent cancer, types of cancer, washing your gear and national resources available to firefighters. This is a class for awareness and prevention for firefighters. When taught we will give ideas to help firefighters not receive a cancer diagnosis, give chief officer's the tools to implement policy changes to help protect firefighters.

Instructors: Jason White, North Haines Fire Department and Nick Carlson, Rapid City Fire Department
